## WHEN BACK ACHES, WATCH KIDNEYS

If Neglected Serious Diseases May Follow.

When the kidneys are clogged up and inactive, nature always warns you.

Backache is one of the first symptoms. You may also be troubled with disagreeable, annoying bladder or urinary disorders, have attacks of lumbago or rheumatism; become nervous, tired, or feel all worn out; putty swellings show under the eyes, or in the feet and ankles; or the urine becomes light and pale, dark-colored or cloudy. If such symptoms are neglected, dropsy, diabetes or Bright's disease, which so often prove fatal, may result.

It is not only dangerous but needless for you to suffer and endure the tortures of these troubles, when a little Croxone will quickly and surely end all such misery.

There is no more effective remedy known for the prompt relief and cure of such troubles, because it cleans out the clogged up kidneys and makes them work properly. It soaks right in through the walls and linings; cleans out the little filtering cells and glands; neutralizes and dissolves the poisonous uric acid and waste matter, and makes the kidneys filter and sift the poisons from the blood and drive it out of the system.

This new scientific preparation, is entirely different from other remedies. It is so quick-acting and effective that it is practically impossible to take it without result.

An original package costs but a trifle, and all druggists are authorized to return the purchase price if Croxone should fail in a single case.

Three doses a day, for a few days, is often all that is ever needed to end the worst backache; relieve rheumatic pains or overcome sleep-disturbing urinary disorders.—Advertisement.

### MARTIN AMENDS OPINION

Co-operative Corporations Must Get Permit of Blue Sky Department.

### REVERSES FORMER HOLDING

Subsidiaries at Nebraska Capital Open Headquarters—Phone Manager Fined Under New Nine-Hour Law.

(From a Staff Correspondent.) LINCOLN, Dec. 2.—(Special.)—Co-operative corporations must get a permit to sell stock before they can do business in Nebraska, according to an opinion by Attorney General Grant Martin made this afternoon.

A former unofficial opinion coming from that department had seemed to be otherwise, but the latest is official and will stand. The same opinion makes it illegal to issue stock in less amounts than \$100 a share.

### Subsidiaries Open Headquarters.

Headquarters of the Nebraska Equal Suffrage league were opened last night at the Lindell hotel with much eclat. Mrs. Ada Wallace Unruh of Portland, Ore., was the guest of the occasion and delivered an address urging the women to get busy and improve their opportunities. She told of the fight that the women of Oregon had made to secure the ballot and the part they had taken in cleaning up the state politically. She said the best argument for suffrage was the speeches made by the anti-suffragists and she urged the women to get as many of the anti-people to work as they could. She told the women that they must not expect to clean up things the first year for the men had taken 4,000 years to bring about the present conditions.

### More Time to Pay.

Farmers owning lands on the government irrigation ditches in the northwest part of the state will be given a longer time to make their payment on water rights, according to a letter received by Deputy Auditor Minor this morning from the Farmers and Merchants bank at Morrill. The extensions have been made from December 1 to March 1.

### Phone Company to Lift Rates.

A hearing was on this morning before the railway commission in which the Sully Telephone company, with headquarters at Gretna, are asking for the right to raise telephone rates from \$1 to \$1.50.

### Phone Bill Contested.

The Sully Telephone company has appealed to the railway commission on account of a bill sent them for \$15, which the Burlington railroad insists they shall pay for space in the depot at that place for their telephone booth and for service of operator answering phones for the year 1912.

### Articles Are Filed.

The Farmers' Co-operative Elevator company of Nebraska City has filed articles of incorporation with the secretary of state. The company is incorporated for \$10,000, with a board of directors consisting of Patrick Roddy, H. A. Winton, Henry Helich, John Wirth and Martin Christensen.

### Fined Under Nine-Hour Law.

Claude Currie, manager of the Broken Bow Telephone company at the time complaint was made by State Labor Commissioner Pool for working his female operators overtime in violation of the labor law, was fined \$20 and costs in the court of County Judge Charles Holcomb yesterday. The complaint was filed because girls who slept in the office nights and occasionally answered night calls were considered to be on the job and therefore came under the provisions of the nine-hour-a-day female employee law.

### SUPREME COURT TO FIX ALIENS' PROPERTY RIGHTS

(From a Staff Correspondent.)

LINCOLN, Dec. 2.—(Special.)—A case was argued in the supreme court this morning which involves the right of a citizen of a foreign country to inherit real estate belonging to a relative in Nebraska. The case involves 120 acres of land in Phelps county which formerly belonged to Carl Peterson, a resident of that county.

The case was first tried in the district court of Phelps county, and was brought by two sons of Peterson, Carl and John, living in Sweden, for an equal share of the real estate with a daughter of the dead man, Augusta Erickson, residing in Chicago.

The county court in settling the estate prohibited the will of Peterson, giving the entire estate to the daughter, and the two sons contested the validity of the will in district court. The district court held that the sons had a right to an equal share in the estate with the daughter and ordered the decree of the county court set aside.

In the appeal to the supreme court the attorneys for the daughter showed that the laws of Nebraska forbid non-resident aliens to inherit real estate in Nebraska, and that a treaty existing between the United States and Sweden prohibits citizens of the latter country from inheriting real estate in this country. The attorneys for the sons do not specifically deny the rights of the daughter through the treaty, but set out that she had made an agreement with the sons for an equal division of the property and ask that that agreement stand.

### GRAIN FIRM'S STOCKHOLDERS ASSEMBLE AT GRESHAM

GRESHAM, Neb., Dec. 2.—(Special.)—

The Gresham Grain company held its third annual stockholders' meeting in the town hall. The company's earnings for the year amounted to 18 per cent. A 10 per cent dividend was declared and the balance set aside as a depreciation fund. J. W. Shortall of the Nebraska Grain Dealers' association addressed the meeting on the benefits of co-operation. Fully 90 per cent of the stockholders were present. The women of the Methodist Episcopal church served a dinner at noon to all the stockholders and many others. The expense for the dinner was defrayed by the association.

### Joe Burns Lives to Read Obituary

(From a Staff Correspondent.)

LINCOLN, Dec. 2.—(Special.)—Few men live long enough to read their own obituaries, but Senator Joseph Burns of Lincoln, who lived a short time in Idaho, has the distinction of being one of the fortunate individuals who knows what people think of him after he is supposed to be dead and gone. This morning the senator was at the state house displaying a copy of the Downey Idahoan containing under the heading "Joseph Burns Dead," the following:

"A short news dispatch announces the death of Joseph Burns at his home in Lincoln, Neb., of paralysis. He was stricken last Saturday while at the dinner table."

"Joseph Burns was prominent here in the early history of the irrigation project, and is known by all of the older residents, who with one accord give him the highest praise as a man and citizen. He was a character of the highest type, whose high ambition was the development of Marsh valley, and to this worthy end he devoted some of his best years and energies. He was in life and purpose, a citizen of the west, who was sworn to the man's work of overcoming nature for the good of all humanity. Peace to his ashes."

Senator Burns displayed the copy of the Idahoan with feelings of joy and other things. When asked how he got aback on earth he said there was two reasons, one that they wouldn't accept him at either place, and the other was that after looking over the two places he concluded that Nebraska was good enough for him anyway.

### Notes from Beatrice and Gage County

BEATRICE, Neb., Dec. 2.—(Special.)—Mrs. Markins, a former Beatrice resident, died at her home at Detroit last week after a brief illness. She was 53 years of age and leaves her husband and five children. The remains will be taken to Tonica, Ill., for interment.

County Judge H. D. Walden, who recently left for the east on a vacation trip of a few weeks, returned home Monday with a bride. He was married on November 18 at Louisville, Ky., to Stella M. Whaley of that city, Rev. Mr. Galderman of Louisville officiating.

While visiting at the home of his daughter, Mrs. S. S. Pheasant, eleven miles west of town Sunday, Johnathan Fotta, aged 19 years, fell and broke his right hip. His condition is serious and he was brought to the Menonite hospital in this city for treatment.

Mrs. Edward Buck slipped and fell down stairs Monday night, with the result that her right leg was broken just below the ankle. She was removed to a local hospital and the ligaments were so badly torn that the physicians operated upon her.

### BURLINGTON COMPLIES WITH SLEEPING CAR ORDER

(From a Staff Correspondent.)

LINCOLN, Dec. 2.—(Special.)—The Burlington railroad has notified Food Commissioner Harman that it has complied with his order which prohibits chefs, porters and waiters in dining cars from sleeping in the cars.

The company says that on its Lincoln-Denver trains provisions have been made for the sleeping of the men in Lincoln. On its trains to the northwest, Nos. 41 and 42, have been provided with either smoking cars or baggage cars in which sleeping compartments have been fitted up in the front end of the cars. There are nine of these cars which have been transformed into sleepers for the dining people. On Nos. 41 and 42 a special car stands on the side track at Ravenna, where the men sleep while the diner is taken off, the trains running so the men can have a full night's sleep at that place.

The dining car people were not at first pleased with the order, but it has been put into effect on all the roads and the employees are immensely pleased with the situation.
